Dr. Tom Lei

Eureka! Found one, following it now...

Dr. Tom Lei

Leaving the parking lot, making a right on that street

Dr. Tom Lei

Taking the third right on rabbit

Dr. Tom Lei

Great scott! It's taking a bike path, making a right under these power lines...

Dr. Tom Lei

Looks like it followed the trail until this four-lane road and continued east alongside it, doesn't seem to have noticed the great Dr. Tom Lei yet!

Dr. Tom Lei

Whew... I've been walking along this road for over 30 minutes, looks like we're finally making a right at this flag pole and drug store

Dr. Tom Lei

Had a lot more walking but I think I found its home base! I just continued down that road until the stone sign on the left, looks like there are two signs at the entrance...

Dr. Tom Lei

I'll be back here tomorrow to properly recruit this cryptid!
